

AT LAST!

A Guaranteed Cure for the Drink and Drug Habit!

NO CURE—NO PAY

It has been proven by the medical profession that the Drink and Drug Habits are DISEASES---different from any others---but, nevertheless, diseases.

That is the principle upon which we work with such great success.

We treat the habit as a DISEASE!

Our Sanatorium is located in a quiet, secluded portion of the suburbs---a really ideal location. Our patients have the advantage of every modern convenience, and are given the utmost privacy. The institution is under the direct supervision of an eminent Richmond physician and a corps of competent and skilled attendants.

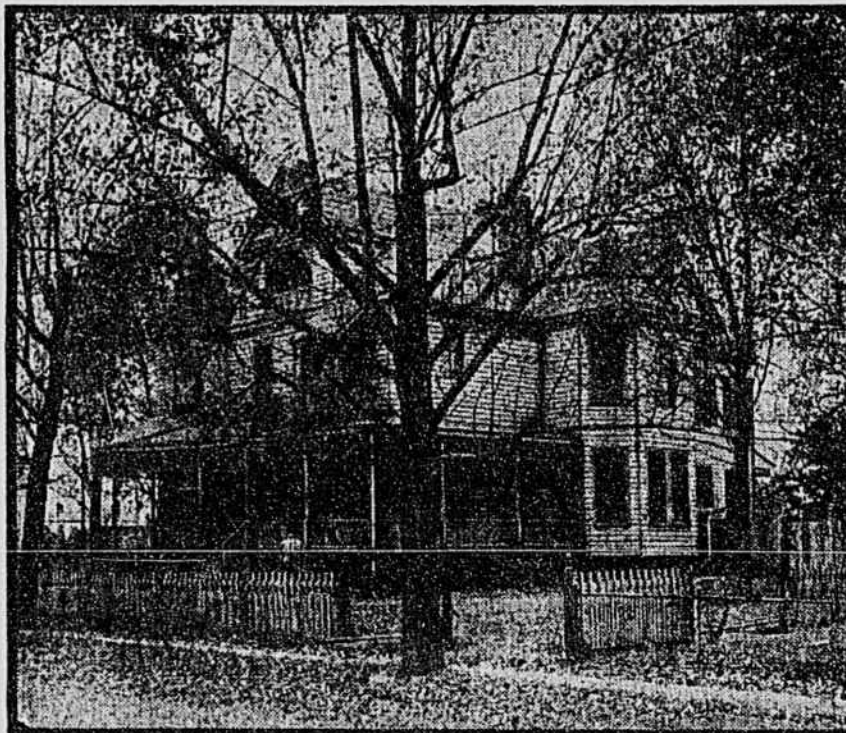

Extract from a Pleased Patient's Letter

Richmond, Va., March 22, 1913.
Mr. John A. Marr, Richmond, Va.:

Dear Mr. Marr,—I just can't leave your Sanatorium without expressing to you in writing my sincere thanks and appreciation for what you and yours have done for me. Coming here, as I did, a drug addict of twelve years' standing, taking not less than fifteen or twenty grains of morphine per day, and for the past eight months drinking from a pint to a quart of alcohol per day, it doesn't seem reasonable or possible that I should be a well man to-day, after barely two weeks' stay.

Your treatment I have found more than you claim for it. In many sanitariums I have rolled night after night, week after week, till my clothes would stick to me from blood and bruises. Here there was none of it from the beginning of your treatment, which lasted for about three days. During that time I suffered none, nor have I since. The dread of aching bones proved a delusion, and I have continually gained in strength, and am as strong and as well to-day as I ever was in my life. Your treatment is simply a wonder. 'Tis worthy of the patronage of every reputable physician who has the love of humanity in his heart.

Cured of the Drink Habit

Danville, Va., April 7, 1913.

To Whom it May Concern:

I wish to state that after being addicted to the use of Alcoholic Stimulants for fourteen years, and having tried several cures and methods of getting rid of this awful craving for whiskey, I was brought to this institution in practically a dying condition. After being treated for five days I lost all craving for Alcoholic Stimulants and began to build up very rapidly. After two weeks' treatment I must say that I have not felt or looked better in fourteen years. I can say that this treatment is a wonderful one, and any one suffering with Alcoholism or Drug Addiction should by all means come here at once for treatment.

I can't say too much in praise for this institution, its management, nurses and service. Hoping this letter will cause some unfortunate like myself to come here and be cured, I am, Very respectfully,

OUR GUARANTEE

We guarantee to take any case of the drug or liquor addiction and cure it in from ten days to three weeks, according to the physical condition of the patient, by painless and harmless remedies, bearing all expense of treatment, board, room and attendants, if necessary, while in the Sanatorium, and not ask one cent of compensation for treatment, board or service until the patient is cured of his addiction and ready to return home. When the patient leaves the Sanatorium he will know that he is cured, and have no craving or desire for liquor or the drug. No other institution can, or will, make this proposition. We challenge investigation.

As stated in our guarantee, we will take any person addicted to the use of Drink or Drugs, and in from ten days to three weeks really cure him. Our treatment ELIMINATES the poison--and purifies the blood. This is not a temporary cure. The patient, when he leaves our Sanatorium, is RID OF THE HABIT! He leaves in a healthy, normal state, enjoying a healthful appetite and refreshing sleep. What could be fairer than our proposition and GUARANTEE!
